Technical Scholarship

A Message From Coweta-Fayette Trust

Coweta-Fayette Electric Membership Corporation began its Operation Round-Up program in 1993 to play an important role in meeting special needs of individuals, families and communities in the area it serves. Participating EMC members contribute just a little change each month by rounding up their bill to the next highest dollar amount. The combined contributions do a great deal of good. Special needs are met through applications from individuals, families and community organizations.

These monies are administered by the Coweta-Fayette Trust, Inc., and its nine-member Board of Directors.

These volunteers represent the various communities in the areas served by Coweta-Fayette EMC. They meet six times a year to consider applications. The Coweta-Fayette Technical Scholarship was established by the Coweta-Fayette Trust Board in 2000. This scholarship is for students who plan to further their education at a technical college offering associate degrees, diplomas and certificate programs.

Message to Scholarship Recipients

The scholarship must be designated by the recipient to a technical college where you are enrolled. All funds will be administered by school officials.

The Coweta-Fayette Trust recognizes the importance of technical education to equip students with knowledge and skills to compete in the workplace.

The Trust is proud to offer scholarship assistance to deserving students in our membership area who plan to further their education at a technical college offering associate degrees, diplomas and certificate programs.

The scholarship amount is \$1,000. The number of scholarships to be awarded will be decided by the Coweta-Fayette Trust Board of Directors.

Scholarship awards will be made based on the applicant's academic performance, financial need, and community service activities.

The scholarship program is administered by the Trustees of Coweta-Fayette Trust, Inc., a non-profit organization.

Instructions for all scholarship applicants and an application form accompany this introduction.

*We express appreciation to all
participating members of Operation Round-Up
whose individual contributions
make this program possible.*

- Three letters of recommendation

Technical Scholarship

Eligible Expenses

Coweta-Fayette Trust Technical Scholarship

This scholarship award will be paid by the Coweta-Fayette Trust directly to the Foundation of the college in compliance with that institution's payment deadline requirements. Once enrolled, the student may draw on the scholarship for school-related expenses listed below.

1. School direct cost such as tuition, fees, books and supplies.
2. Special tools or equipment required of the student in the course of study.
Example: Joe is enrolled in Machine Tool Technology and needs a set of special measuring instruments.
3. Uniforms or special clothing required to enter the work study environment.
Example: Jane is in the Dental Hygiene program and must have special scrubs before she can do her practical in the dentist's office.
4. Insurance the student must obtain before entering the work study environment.
Example: Francis is in the Radiologic Technology and must have personal liability insurance prior to entering the hospital to complete the practical application portion of the program.
5. Special software packages required to complete a course of study.

A statement of account for the use of these funds will be provided to the Coweta-Fayette Trust by the technical college upon request. Any unused portion of the award shall revert to the Trust fund.

Please direct any questions to Marsha McDaniel 770-252-7406 or email mmcdaniel@utility.org
