

Operation Round Up is made possible because our electric members choose to round up their electric bills each month to the nearest dollar amount. Those pennies go into a Trust that is administered by a nine-member board of directors. Since the funds come from our electric members, our board strives to keep the funds within our electric service area. Our electric service area mainly includes Coweta and Fayette Counties. However, we do serve electricity to a few members that live just across the border of Coweta and Fayette County.

We strive to make sure the people we are supporting live within our electric service area. We go by address zip codes to determine if someone lives within our electric service area. Could you please provide a count of your clients who live in our electric service area.

Please respond by listing the total number of clients you served within the last year for each zip code.

CFEMC Electric Service Area Address Zip Codes:

- 30205 - _____
- 30213 - _____
- 30214 - _____
